Spawn Tower

Spawn Tower is the heart of ScrubCraft — the tower at the world's spawn point — the social heart of the map.

- **Location:** at the world's spawn
- **Among** the most-visited spots in the logs
- **Shop district:** the server's stores have lived at the tower for years — "The stores are at spawn tower" (Sulack, 2024)

From the very first months it was the social centre: the Owner directed newcomers to "*go through the survive portal, or jump off the spawn tower*" (2021), and generations of players started here — Regular_Ben_YT's first base was "*a small cave literally right next to the spawn tower*" (2024).
